Thank you for wanting to be a part of STUDIO 395 and our events and projects. We are a fully volunteer organization but we are also a business model structure, not currently a member organization.

What that means is you don't have to pay dues to be a part of what we do. However, like any good company we consider those that work for us to be our best assets. We ask for your information so we can reach back out to you specifically when we have a good fit for your skills or experience – artistic or otherwise. Your information will be maintained, not shared, and once completed you do not have to provide it again. Just tell us, "I'm on the list." You will need to also complete a waiver below and one for the City of Lake Elsinore. Thanks for choosing to volunteer and welcome!

Last Name, First Name:
